elson BALL VALVE 733 SERIES DUAL APPROVED DR BRS
T/H M/F YELLOW HNDL

FEATURES:

- Manufactured by Elson, certified to ISO 9001, dual approved for water & gas
- Water ball valve WaterMark certificate No: WMKA 21922. Conforms with AS 5830.1
- Water ball valve allowable operating pressure (AOP): 2500kPa, working temperature up to 95°C
- Gas ball valve AGA approved No: 8350. Conforms with AS 4617
- Gas ball valve allowable operating pressure (AOP): 1050kPa, temperature from -20°C to 100°C
- Gas ball valve manufactured using DR brass nickel coated
- ¼ Turn full-bore for optimum flow
- Every valve is pressure tested by Elson prior to release
- R - male sealing thread, Rp- female sealing thread to AS ISO 7.1

Quality
ISO 9001
SAI GLOBAL
Certificate No: QEC27227
