LEADERS IN LEAD FREE* BRASS

Elson has been manufacturing Brassware since 1993.

Since 2016, Elson starts to manufacture Lead Free products with the introduction of elson Lead Free DR brass press fittings.

From then we have continued to expand our Lead Free product range.

Today our Lead Free plumbing products include elson PRESS, EPS Lead Free PEX Plumbing Systems, Dual Check Valves, Water Meter Ball Valves & Kits, Hot Water Valves, Press Ball Valves, Union Ball Valves, Instantaneous Hot Water Connection Kits and Lead Free DR Brassware.

* Elson Lead Free copper alloy products are 99.9% Lead Free and contain less than 0.1% Lead by weight.

Benefits to You: Clean Healthy Drinking Water

Caring for Our Environment
